

FREE RADON DETECTORS

Cook Co. Dept of Environmental Control and State of IL are offering Radon Detectors to homeowners at no charge for a limited time (until supply is gone).

Blurb:" Radon is an invisible, odorless, tasteless radioactive gas that is the 2nd leading cause of lung cancer, according to the USEPA, the American Lung Assoc.and the Surgeon General. It has been found in every county in Illinois at elevated levels. The only way to know if your home is healthy is to test it. Please call 708-865-6177 for a packet of information and a detector."
