

We are looking for a self-starting individual to fill our 1stshift production position. A few, but not all the duties and responsibilities include the following:

- Meets company's standards and safety protocols
- Load and unload trucks
- Ability to move high pressure cylinders manually
- Receive incoming inventory shipments
- Maintains clean work area
- Ability to lift, push or pull 75 pounds and more
- Ability to read and comprehend customer's orders
- Ability to safely operate a forklift
- Move cylinders with proper carts
- Trained on filling cryogenic liquid cylinders
- Trained on filling high pressure cylinders

We are looking for an individual with strong team working skills. We are looking for someone who is eager and willing to learn and become a long-term member of the US Gas team. We have a customized training program that allows our team-mates the opportunity to grow professionally.

Qualified applicants will receive consideration for employment without regard to their race, color, religion, national origin, sex, sexual orientation, gender identity, protected veteran status, or disability.

Job Type: Full-time
