

#WeAreParkLawn

*To all our friends and donors; we hope
you are well and staying healthy!*

Your purchase of a Summer Blast Drawing ticket will further strengthen our mission in providing services that promote independence, choice and access to community living for individuals with developmental disabilities. Please read Park Lawn's story of how the COVID-19 pandemic has affected our organization and how we are moving forward to strongly support our mission. We remain committed in providing quality programs and services to our friends at Park Lawn.

Like most of you, Park Lawn is making adjustments to cope with the COVID-19 pandemic. We closely monitor the situation daily and place our focus on supporting our residents in a safe and healthy environment.

We've outlined a few of the measures put into place to help us manage the situation and control the spread of the virus now and in the future.

Participants in our Community Day Services (CDS) are adjusting to a new way of learning through Zoom and other video conferencing platforms. Weekly schedules and communication to participants and their families are produced and forwarded through the online app Remind. Photos of participants are shared so friends can see each other and know that everyone is staying healthy. Staff deliver program schedules and supplies to participants at our residential facilities for virtual day programming needs. Residential staff are adjusting to alternate shifts to assure full coverage and the safety of our residents.

We couldn't be more grateful to our donors, friends, families and staff who continue to ask how they can help, what they can do for us or how can they donate. Supplies, food deliveries, care packages and monetary contributions along with prayers and well wishes have been

greatly appreciated! Park Lawn is ever so thankful to ALL of our staff who give so much care, love and encouragement to our individuals each day.

#BetterTogether
