NOTICE: Alsip's Curfew has been terminated at this time.

Please know: I've expressed our thanks to Fire Chief Styczynski's department for not only the protection they provide for the Village, but they are still identifying with COVID-19 related patients and assisting the police as needed.

Police Chief Miller and his command staff are doing an exceptional job monitoring the recent rioting and looting taking place in nearby areas. They've strategically deployed a strong presence throughout the Village and they appreciate the cooperation demonstrated by the community to stay home during the curfews.

"Last night I visited some of the officers to express our support of them working past their 12hr shift and thank them for keeping this community safe.

*As of 1:30pm today June 2, 2020 I'm terminating the 9pm curfew for the Village of Alsip and I'm asking everyone to be observant of your surroundings, **IF YOU SEE SOMETHING, SAY SOMETHING** and call Alsip Police*

Sincerely,

Mayor John D Ryan
