HAPPY NEW YEAR ALSIP RESIDENTS!

Mayor Ryan and the Village Board of Trustees approved a new garbage contract that includes E-Waste (Electronic Waste) disposal once per month at a date and time scheduled by the homeowner and Republic Services.

To arrange to have a curbside pick-up call (708) 385-8252 each time a pick-up is needed.

Dispose of computers, monitors, washer & dryers, refrigerators, microwave ovens, room air conditioners, dehumidifiers, sump pumps, scanners/printers, tv's, stereos, anything with a cord.

Disposal of Christmas Trees can be made this month only by placing the tree at the curb with your regular garbage.

Landscape Waste Disposal is only done from April 1st – November 30th.

Free Bulk Item Service from Republic Services are defined as: on regularly scheduled garbage service days, up to (2) two bulk items (including, without limitation, sofas or other pieces of furniture)

Residents needing to dispose of items in excess of (1) one cubic yard and/or weighing more than 50 pounds must contact Republic Services (708) 385-8252 to make arrangements for curbside pick-up. Upon such arrangements, Republic Services will issue an invoice of \$25 to the resident.

Construction Debris by Republic Services can be made by calling (708) 385-8252 to dispose of garbage from dwelling units generated by resident construction/demolition or other home improvement activities, which does not otherwise qualify for a Free Bulk Item Pick-up. Republic Services will invoice any resident requesting such service according to the following rates **per cubic yard**: year 2022 = \$10, 2023 = \$10.30, 2024 = \$10.61, 2025 = \$10.93, 2026 = \$11.26

At the request of the resident, Republic Services shall arrange and provide roll-off dumpsters for any dwelling unit for garbage generated by resident construction/demolition or other home improvement activities. Resident must provide Republic Services with a copy of his/her Village issued building permit.

10 Yard - General Const Debris \$350/ 4 ton limit (\$58 per ton over) year 1, add 3% each year
10 Yard – Bulk (brick, concrete, dirt only) \$250/ 10 ton limit year 1, add 3% each year
